Problem Solving, Wisdom on

It's a pity that people can't exchange problems. Everyone knows how to solve the other fellow's.

The latest electronic computers are so human that they blame their mistakes on other computers.

Praise vs. Flattery

It's hard for a fellow to keep a chip on his shoulder if you allow him to take a bow.

—Quoted by Billy Rose, Bell Syndicate

Emily Post on flattery: "An overdose of praise is like ten lumps of sugar in coffee; only a very few people can swallow it."

—*Etiquette, The Blue Book of Social Usage* (Funk & Wagnalls)
